

Weather Readers Theatre Script
Developed by Dr. Rosalind M. Flynn

(Rain sound effect)	16	And the thunderstorms?
All Rain, rain, go away!	17	Even hurricanes?!
All the children want to play!	18	Watch out for the strong winds and rain!
1 But we need the rain.	All	(Hurricane sound effects)
2 Rain makes things grow.	19	Does the sun even make tornadoes?
3 Rain comes from the clouds in the sky.	1	Uh-huh.
4 Clouds are made of water droplets	2	What's a tornado?
5 or ice crystals.	3	A tornado is a spinning windstorm.
6 Clouds have different shapes.	4	A tornado sounds something like this.
All Cir-rus	All	(Tornado sound effect)
Cu-mu-lus	5	The weather person on TV tells us the temperature.
Stra-tus	6	Who knows what temperature is?
Cu-mu-lo-nim-bus	All	I do! Me! I do!
and Nim-bo-stratus!	7	What?
7 A fancy name for rain is precipitation.	All	Temperature is how hot or cold it is.
All Precipitation.	8	Right!
8 Precipitation is also snow	9	There are all kinds of weather.
9 and hail,	10	There are 4 seasons of weather.
10 freezing rain	All	Winter, spring, summer, and fall.
11 or ice.	11	Some days are sunny.
All Brrrrr!	12	Some days are icy.
9 We need some sun!	13	Some days are partly cloudy.
10 The sun helps water evaporate.	14	Some days are snow days.
All Evaporate?	All	No school! Yay!
11 The water from the land changes into moist air	15	Some days are foggy.
12 and it goes up into the sky.	16	Some days are hot.
13 When the moist air turns back into water it's called	All	(sound effect and use scripts as fans)
All Condensation!	17	But.....
13 Right!	All	Whether the weather is cold, or weather the weather is hot, we'll weather the weather whatever the weather, whether we like it or not!
All Evaporation (Sound effect and motion)		
All Condensation (Sound effect and motion)		
14 Did you know that the sun makes all the weather?		
All It does?		
14 Yes it does.		
15 Even the fog?
